The game was originally named 'Pixelmon' by the creator of Minecraft, Markus Persson (also known as Notch). It was inspired by crafting games  
like Little Big Planet and the popular multiplayer game World of Warcraft. Minecraft, like World of Warcraft, is a game that is played in a virtual  
world. It does not have a storyline or character progressions like most RPGs do. Instead, Minecraft offers players the possibility to build almost  
anything they want. You can create the same things that you see in Minecraft with your own imagination and creativity.",

These kinds of mods only add weapons into your game so that you can fight other players and mobs. You can use these weapons in different ways  
to improve your performance in the games. They usually do not alter any existing blocks or features when they are installed. Mod Packs: Mod  
packs are a collection of mods that you download and install all at once. They often include a variety of different mods that work well together so  
that you can have all the blocks and features that you need at your disposal. This is one of the easiest ways to install Minecraft mods without having  
to find them all yourself!",
